giving help to others

The character of any community is defined by the connectivity of its members—neighbors who work together toward a better place for families, youth and seniors. Together we can provide help and hope to others.

Because we are Tempe.

The City of Tempe and Tempe Community Council are partners in a continuum of coordinated services to enhance the lives of Tempe residents, particularly those most in need.

If you would like to donate to the Help to Others program, simply pay the "Total + Voluntary Donation" amount on your next water bill. Thank you!

THE HELP TO OTHERS
PROGRAM IS A PARTNERSHIP
WITH TEMPE COMMUNITY
COUNCIL AND CITY OF TEMPE.

how it works

Help to Others (H2O) was created in 1999 to provide Tempe residents the opportunity to easily contribute to their community. H2O is a voluntary, tax-deductible donation that is distributed to local nonprofit organizations serving Tempeans in need. In the past 13 years, over \$935,000 helped provide vital services to children, teens, families and seniors in need.

Every dollar raised (100%) supports youth and senior programs and helps provide a better community for everyone.

In order to have the greatest impact, your donation will be combined with donations from your neighbors and with generous gifts from local businesses and community leaders,
